It is not usual to give an allowance to an official when the number of papers handled increase nor is the pay reduced when the work decreases.

If the work were really heavy & extra staff was necessary that could have been asked for.

Sir,

Subject:- Mysore Implements Factory,Hassan -
allowance to Mr.S.R.Sundaram of this office
for additional work he has been doing relating
to the above factory -

I have the honour to invite reference to my letter of even number dated the 13th February 1943 and to state that in para 5 of the above letter, I had recommended that an allowance of Rs 25/- per mensem may kindly be sanctioned to Mr.S.R.Sundaram of my office with effect from 1st December 1942,as he has been doing the work relating to the factory,which is of a responsible character. With the increase in the production of the factory, war supply,etc., the work of the factory has considerably increased,which has correspondingly increased the work in my office. Scrutiny of accounts,correspondence relating to purdhase of additional equipment, progress reports,manufacture and supply of agricultural implements etc. have entailed much additional work,which Mr.Sundaram has been doing very efficienctly in additio to his other duties which are also onerous.

I,therefore, request you to be so good as to obtain the kind sanction of Government for the payment of an allowance of Rs 25/- to Mr.S.R.Sundaram, per mensem/from 1-12-1942,as recommended in my above letter, the cost being debited to the Revenue Accounts of the Factory.

Dear Mr.Noronha,

I invite kind reference to my letters of even number dated 15-12-1943 and 18/19th Feb.'44, recommending the grant of an allowance of Rs 25/- p.m. to Mr.S.R.Sundaram of my office for attending to work connected with the Mysore Implements Factory, Hassan, with effect from 1st December 1942. He has, for the past one and half years, been attending to the work relating to the Factory in my office in addition to his other work. In connection with the supply of agricultural implements, war requirements, purchase of additional equipment for the factory etc., the work has considerably increased in my office. Mr.Sundaram has to be compensated for the additional work and responsibility devolving upon him. The scrutiny of Revenue Accounts, Balance Sheets, Monthly Progress Reports etc. entails substantial addition to his work, which he has been discharging satisfactorily. The factory has made good profits and it would be but fair to pay him the allowance I have recommended since he took up the work. I request you to be so good as to obtain kind sanction of Government to pay him the allowance of Rs 25/- p.m. from out of the Revenue Funds of the Factory, from 1st December 1942.
